**Serving the hospitality industry with storytelling imagery that create the atmosphere, engage viewers emotionally and make them to book their stay**

## BEHIND THE LENS | VIKTOR KERY

I was born in Hungary and living in UK for nearly a decade, my clients are from restaurants to worldwide recognised hospitality brands such as Hilton hotels, DoubleTree, Conrad hotels to name a few. I have over 8 years of experience as a hotelier (restaurant, conferences, sales & marketing), I understand the challenges hotels are facing with to get more guests.

I was awarded 3rd place at Pink Lady Food Photographer of the Year Award 2018 in Food at the Table category.

I am proud to be one of the Tether Tools Pro Team members among names such as Joe McNally or Scott Kelby.

Outside of work, I love travelling with my family and I am an obsessive foodie.

*I capture what really matters for guests in the hospitality industry: the hotel's unique story, personality and passion filled with energy and emotions.*
